RHYMES RULES

Read these few simple rules: 1. Write a four-line rhyme based on some classified advertisement which appears on the regular classified pages of The Herald and News. Your verse must concern some particular ad—not classified ads in general. (Be sure to see rule No. 5.) 2. Write on but one side of the paper, and be sure to paste a clipped copy of the advertisement about which you write on the same side of the sheet—preferably above the rhyme. 3. Date each rhyme you send in. 4. Print your name and address in full and mail your verses to the "Classified Ad Rhymes Contest Editor," Herald-News Office, Torrance, Calif. 5. You may write more than one rhyme at a time (as many as there are ads if you wish) but each one must be on a separate sheet of paper and on a different ad each time. You may write each week on the same ad, if you desire.

Hauge's Campaign Offices Established in L. A. Building

Headquarters for the campaign to retain Dr. Oscar Hauge as Supervisor of the Fourth District were opened yesterday in suite 438-39-40 of the Western Pacific Building, 1031 South Broadway. H. Kirby Shellaby, who has a record of four successful campaigns in the Fourth District, has been named campaign director. Branch offices are now being established throughout the district, and numerous pledges of support are coming in daily, Shellaby announced.

"We are pleased with the enthusiasm being shown in Dr. Hauge's candidacy, and are confident that his splendid record in giving his constituents reduced taxes and governmental efficiency will make certain his retention in office," he said.

"Supervisor Hauge has been a resident of Southern California for 27 years and was Chief Deputy of the California State Department of Finance from 1934-38. However, his experience in public office goes back many years. During the 11 years he resided in St. Paul Park, Minnesota, he served on the Board of Education, the Board of Supervisors, and was a member of the Minnesota Legislature."

Slough Area May Be Retarding Basin for Floods

Study of a proposal to create what would amount to another "flood control retarding basin" in the old Nigger Slough area now known as Laguna Dominguez was being made today by flood control engineers, following its presentation to the board of supervisors Tuesday.

While the dam would cause flooding of 320 acres in the northern part of the swamp, it would permit the reclaiming of 816 acres lying below it for industrial and similar heavy uses, the board was told by J. A. Benell and H. H. Jarrett, representing the Dominguez Estate. Water impounded behind the dam following storms would drain out slowly during the summer months and make a desirable refuge for wild life, as has been suggested by the Audubon Society. Cost of a low earth-fill dam just below the junction of Broadway and Main streets to create the artificial lake is estimated at \$75,000.

The supervisors took preliminary steps to prevent dwellings from being built in the low-lying areas of Laguna Dominguez and Johnson Lake by instructing County Counsel J. H. O'Connor to draft an ordinance to prohibit residences and buildings for public assembly below a point 15.5 above sea level. Area included in the ordinance is bounded roughly by Normandie avenue, Avalon boulevard, 182nd street and Carson street, known as Laguna Dominguez. The Johnson Lake area, adjacent to Strawberry Park, is northerly of Gardena and here houses and public assembly buildings would be prohibited below 47.5 feet above sea level.

Several Thousand Lots Go On Block at Tax Sale Auction July 1

For the first time since 1934, tax-delinquent property will be offered for sale at public auction July 1 at the office of County Tax Collector H. L. Byram, it was announced today.

Local residents may actually bid on this property for the first time in five years due to removal of the moratorium on sale of tax-delinquent holdings, of which there will be several thousand parcels of all kinds.

Arceage, subdivided lots, a few of them improved with cabins and dwellings, are included in Byram's list. The sale is to begin at 9 a. m. at Byram's office on the third floor of the Hall of Justice.

No bids will be accepted for less than the amount of all taxes, penalties and costs due as shown in the advertised list, Byram said. After a bid has been accepted, the right of redemption shall cease, except as to the purchaser, who shall have 30 days to redeem on the balance of the taxes due. In other words, the buyer need not put down the full amount at time of purchase.

Colden Headquarters Burglarized; No Clues to Marauders

No clues yet have been found to the identity of the person or persons who burglarized the Southwest campaign headquarters of Mrs. Clara N. Colden, Congressional candidate, at 7210 1/2 South Vermont avenue, it was stated today by Joseph C. Huston, headquarters manager. Report of the burglary was made by Huston Tuesday morning to police of the 77th Street station.

According to Huston, several precinct maps, a list of more

than 150 names of precinct workers, all of the files and other campaign organization records, which had taken three months' work to compile, were stolen. Entrance to the headquarters was effected, it was stated, by removing part of a window at the rear of the room and then lifting the bar of the door. Discovery of the robbery was made by Huston when he opened the office Tuesday morning.

Mrs. Colden, widow of the late Congressman Charles J. Colden, is candidate for the Democratic nomination to Congress in the 17th district, which includes this precinct area.
